Assignment 03 — Self-Improving AI for Financial Question Answering

Kaggle team: Son Nguyen · ThinkFlic submission

We confirm that our team did not retrieve, reconstruct, manually label, or share answers for specific competition test samples. We did not use matched transcripts, subtitles, source documents, metadata, another team's predictions, or leaderboard probing to obtain test labels. All external and synthetic data used by our system is disclosed in the report.

Typed name (individual submission):

Nguyễn Trường Sơn
